

150mm Mixed Flow Fan (477635)

Description

Model: 477635

150mm mixed flow high performance extract fan suitable for use in restricted spaces such as ceiling voids traditionally found in refurbishments.

Key Features

- Integral foot plate provides secure, fast mounting
- Spigot designed for speedy installation of flexible ducting.
- Mixed flow fans develop greater pressure than conventional axial fans making them ideal for use in ducted systems
- 3 Speed fan setting

Technical Specification

- Fully Building Code Compliant
- IPX4 rated CE marked in accordance with all the relevant EEC Harmonised Directives
- Double Insulated with motor fitted with Thermal Protection

Performance

- High Speed: 855m³/h
- Low Speed: 400m³/h

Product Range Details

- Rated Voltage 220-240v-50Hz
- High Rated Wattage 120W
- Low Rated Wattage 42W
- High Speed Noise Level: 48dB(A) @ 3m

- Low Speed Noise Level 31dB(A) @ 3m

Accessories

- Wall Kit
- External wall grille
- Flexible Ducting
- Diameter of spigot: 98mm

Dimensions

Height – 252mm

Width – 226mm

Depth – 307mm
